## 4TH 'THE YOUTH BUILD EUROPE' FOUNDATION AWARD– 10,000 EURO

Dear Prof. Dr. Torma,

the Professor Joachim Lenz foundation is awarding 'The Youth build Europe' award, including prize money of 10,000 Euro for the third time.

We are looking for pioneering and/or outstanding engineering projects, which play a part in intensifying and consolidating the link between Germany and its eastern European neighbours.

The prize is aimed at bilaterally sustained projects, engineering work and research and development projects carried out by universities, which are related to our essential resources energy, water and/or drainage.

The application deadline is the 31.12.2017.

Attached you will find our poster and some flyers. We would kindly ask you to display and circulate these at your university. Further information can be found at [www.stiftung-prof-lenz.de](http://www.stiftung-prof-lenz.de)

Yours faithfully,

Prof. Dr. Manfred Weisensee
