Pre-evaluation procedure

Please note, that the Faculty of Mechanical Engineering and Informatics asks candidates to submit the following documents both to Dr. Samad Davdandipour (dr.samad@uni-miskolc.hu) and Dr. László Kovács (kovacs@iit.uni-miskolc.hu) in order to pre-evaluate them and to be able to find a competent supervisor:

1. Copy of original **master's degree** (OR provisional diploma), (scanned clearly with signature and stamp);
2. Copy of original **transcript** (scanned clearly with signature and stamp);
3. **Recommendation letter** at least from three professors OR **letter of nomination** as PhD student confirmed by the Ministry of Higher Education of his / her Country (scanned clearly with signature and stamp);
4. **Cover letter** declaring the applicants' motivation and summary of proposals towards the PhD study (TO BE INNOVATIVE);
5. Applicants' complete **CV**;
6. **Certificate of English language** at least intermediate level (scanned clearly with signature and stamp).

The Faculty Coordinators check all documents and if they find them to be acceptable, the supervisor is being chosen.

The supervisor gets in touch with the applicant and if they find it possible to cooperate, the applicant can participate in an entrance examination.

In case the entrance examination is successful, the Faculty of Mechanical Engineering and Informatics suggests the applicant to submit their application for a Stipendium Hungaricum scholarship.
