## Vonatinfó

**– official journey planner for train travels within Hungary**

The application of the MAV-START Co. is useful for planning train travels and enables tracing the current position of the trains easily. Vonatinfó app knows everything about the trains: after setting the date of travel, departure, destination and available discounts; it helps you to choose the best journey. It also provides information about the stations, changing trains; display prices of the set journey; indicates trains with obligatory surcharge. The trains can be traced real-time on the map. A Unique function of the app is the real-time chat with fellow passengers on the same train.
