

### Minutes

#### FLOODRESC

(Logistic support system for flood crisis management in the Hernád/Hornad catchment)

SKHU/1601/4.1/187

**Venue:** University of Security Management at Kosice, Kosice, Slovakia

**Date:** 02.10.2019. 10:00-12:00

#### Participants:

Dr. Dobos Endre (UM)  
Dojcsák Dávid (BAZMKI)  
Kiss József (Holocén)  
Koczka Ivett (Holocén)  
Németh Róbert (TaF alapítvány)  
Kiss Levente (BZ Nkft)  
Eke Zoltán (BZ Nkft)  
Martina Zelenakova (TUKE)  
Peter Blistan (TUKE)  
Stanislav Krizovsky (VSBM)  
Martina Vacková (VSBM)  
Jozefína Drotárová (VSBM)  
Lucia Kováčová (VSBM)  
Peter Losonczi (VSBM)  
Vágó János (UM)

**10:00-10:30:** Welcome speech from Peter Losonczi (VSBM).

Dr. Endre Dobos (University of Miskolc), the project leader gave a brief introduction on the aim of the meeting: The main aim of the meeting is to discuss the status of Integrated flood

and logistical model description, the planned conferences and the reporting activities of the partners.

#### Integrated flood and logistical model description:

This document must be created in Hungarian and Slovak version as well, with the same content. The aim of this document is to provide a useful users manual for the operators of the developed flood modeling tool and the logistical model algorithm. These GIS applications will be installed at the BAZMKI and the TUKE. The document consists of two parts, the flood modeling part of the document will be created by the developers of the model, the logistical part will be made by the Bay Logi. The University of Miskolc will combine these two parts into a joint document, in Hungarian language. This document will be sent to VSBM for Slovak translation. The finalization of the Hungarian version will be made in late-September – early October.

#### TUKE conference:

The date is already clarified, 21<sup>st</sup> of October, the venue need further clarification later. As we agreed on the previous meeting, all the major results of the project should be introduced to the participants.

#### Closing conference:

This conference will be held at the University of Miskolc, the provisional date for the conference is 28<sup>th</sup> of October, around 10:00-12:00 AM. The venue (room number) is not clarified yet. All the project partners will participate on the conference with almost all of the involved employees. All the results will be introduced at the closing conference. After the conference there will be a press conference as well, and press release will be published. News should be placed on the partner institutions webpages to advertise the event.

#### Reporting activity:

All the project partners submitted their 5<sup>th</sup> beneficiary report, except TUKE. The BAZMKI, VSBM, HOLOCÉN, UM reports are already approved by the managing authority.

Representatives of TUKE told that their 4<sup>th</sup> and 5<sup>th</sup> beneficiary reports will be submitted on the next week.

The project level reporting is running as well. The first three reports are already approved and the money transfer was made as well to the project partners. The forth project level was

submitted in August, without the TUKE beneficiary report, this joint report has been approved by the managing authority. Now the University of Miskolc is waiting for the arrival of the reimbursement. When the money arrives to the UM, we will transfer the amounts to the partners as soon as possible.

After this money transfer the 5<sup>th</sup> project level report will be submitted as well (the documents of the previous reporting period money transfer must be uploaded in IMIS).

The minutes was compiled by János Vágó

Endre Dobos

project manager
